

Professional tooth cleaning and prophylaxis

Information and agreement on private treatment

Dental Aesthetics · Doctor medic Claudius-Horatius Moldovan · Simonstraße 3, 33106 Paderborn-Elsen · Version: 03/10/2026
English translation of the German form. In case of doubt, the German version applies.

Key points

What your statutory health insurer pays for: the check-up, removal of tartar once a year and a gum examination (PSI) every two years; for children and young people from age 6 until their 18th birthday, also individual prophylaxis and sealing of the large permanent molars.

Professional tooth cleaning is not covered by statutory health insurance. Some insurers voluntarily pay a contribution; please ask yours. The costs are based on the German Dental Fee Schedule (GOZ) and depend on the number of teeth and the work involved. We tell you the amount before treatment. No costs arise without your signature.

1. Our tooth cleaning

What is included

- Check of the lining of the mouth and floor of the mouth, oral hygiene instruction
- Removal of hard and soft deposits above and below the gum line
- Removal of biofilm and stains
- Polishing of smooth surfaces
- Fluoride application

Premium and premium plus

Both include exactly the same services. They differ only in the time set aside:

- **Premium tooth cleaning:** about 30 minutes
- **Premium tooth cleaning plus:** about 60 minutes
- How much time is needed depends mainly on the number of teeth. Our prophylaxis team decides this; you will be told before treatment.
- Apprentices, school pupils and students aged 18 and over receive the premium tooth cleaning (about 30 minutes).

Not part of tooth cleaning

- Treatment of deep gum pockets is not part of tooth cleaning. It belongs to the treatment of periodontitis, is carried out by the dentist and is covered by statutory health insurance.

Sealing of the molars

- Cleaning of the tooth surface and germ reduction, followed by sealing of the fissures
- Sealing of the large permanent molars is covered by statutory health insurance from age 6 until the 18th birthday.

2. Agreement on private treatment

under section 8(7) of the Federal Framework Agreement for Dentists (BMV-Z). Completed and signed at the practice.

First name and surname: _____

Date of birth: _____ Legal representative (if any): _____

Health insurer: _____

Chosen:

☐ Premium tooth cleaning (about 30 minutes)

☐ Premium tooth cleaning plus (about 60 minutes)

☐ Sealing, teeth: _____

Service	GOZ no.	Number	Factor	Amount (€)

Estimated total (euros): _____

To be completed by the practice. Fees are charged under the GOZ for the services actually provided; professional tooth cleaning, for example, per tooth (GOZ no. 1040).

3. Declaration

I expressly wish to receive the services named under 2 **at my own expense** as private treatment under the GOZ. I am aware that my statutory health insurer does not cover these costs or covers them only in part and that I will receive an invoice under the GOZ. My entitlement to services covered by the insurer remains unaffected. I agree to the following rules on appointments and the missed-appointment fee.

Appointments and missed-appointment fee: if you cannot keep an appointment, please cancel as early as possible and no later than 24 hours in advance: telephone +49 5254 65333 (the answering machine is fine) or email info@da-mvz.de. The practice reserves the right to charge a missed-appointment fee of 25 euros if you do not attend an appointment and have not cancelled it in time. This does not apply if you are not responsible for missing it, for example in the event of an accident or sudden illness. You may prove that the practice suffered no loss or a smaller loss; the amount charged is then reduced accordingly or waived.

Copy of this agreement: ☐ I have received one ☐ I do not want one

Place, date: _____ Person liable for payment (if different): _____

Dentist's signature

Signature of the patient or representative

Data protection: see the practice's "Patient information on data protection". This agreement becomes part of your patient record.
